TO THE USERS OF THIS MATERIAL

All the stones were recorded by location in each row as an aid in identifying family relationships. Letters or figures that were indistinct were recorded to my best judgement and enclosed in parentheses, thus 18(6)9.

About forty years ago, the D.A.R. made a record of some of the older stones in these cemeteries. These were usually for adults who died before 1880. In many cases, only the year of birth and death and age to the nearest year were recorded. These older records were checked against the data gathered for this record. If the data did not agree, the stones were rechecked and the corrected data has been underlined in this report. A few unusual dates or names were also underlined.

The older records contained information from some stones that could not be found in 1976. Such information has been included and appears at the end of the data for each cemetery. The names were included in the index.

Names in the Etna Township Cemeteries do not appear in the index. These names are in alphabetical order in the text.

THE ETNA CEMETERY is in Etna Green, Etna Township, Kosciusko County, Indiana. It is divided into 4 sections. If you wish to find the exact burial place in the cemetery, contact the Etna Bank. They have a complete list of burials, lot numbers and grave numbers. All graves are numbered from the north, as No. 1.

This list contains:
Section I, II, III, IV East cemetery
West cemetery
List of veterans, all wars

The records were compiled by Nina Plummer, Rt. # 1, Box 9, Etna Green, Indiana 46524. Mr. William Price is the Sexton.

Mrs. Plummer compiled these records as a bicentennial project and made them available for use in this publication.

The data for the Etna Cemeteries were typed from the original records, as collected by Nina Plummer, by Lester H. Binnie, Rt. 4, Albion, In. 46701.

Note, according to the COMBINATION ATLAS MAP OF KOSCIUSKO COUNTY, 1879, "The first death was that of Mrs. Thomas Hayhurst, who was the first person buried in the Etna Green Cemetery." The date is not given.

Kosciusko Co., Rd. 200 N

HIGHLAND CEMETERY, located about one mile east of Atwood, on the south side of County Road 200 N. This cemetery is poorly kept but is still in use. It contains about twenty fairly large , old hickory, oak and walnut trees. Nearly all of the burials were made from 1854 to 1890.

These inscriptions were gathered in October 1976 by L. H. Binnie, Rt. 4, Albion, Ind., and they were checked against partial records made by the D.A.R. about 40 years ago. Variations from the old records were rechecked and corrected if found in error. Portions underlined represent corrected data. Portions in parentheses were worn or indistinct on the stones and subject to question. Portions which follow an asterisk (*) were found in D.A.R. records and do not appear on the stones.

Kosciusko Co., Rd. 100 S

COOK CEMETERY, located on the south side of County Road 100 S., two miles west of State Road 25, in Harrison Township. Adjacent to the cnmetery, to the east, is a red brick church with interesting stained glass windows and an attached educational building. A stone in the wall of the church indicates that it was built in 1888. It is now identified as "Cook's Chapel Nondenominational Church." The following inscriptions were gathered by L. H. Binnie, Rt. 4, Albion, Indiana on 5 Oct. 1976. The data was checked against the partial D.A.R. records made in about 1940. Any variations were rechecked and corrections made in the older records where errors were found. Underlined portions identify corrected data. Portions enclosed in parentheses were worn or indistinct on the stones and questionable.

This cemetery is well cared for and in use at the present time. There is evidence of many unmarked graves.

End

UNION CEMETERY, located on the north side of Crystal Lake Road, about 2 miles west of State Road 25, in Harrison Township. According to the COMBINATION ATLAS MAP OF KOSCIUSKO COUNTY, 1879, this was the site of a United Brethren Church as early as 1844. A second church house was built on the south side of the road, but it is not there at the present time. This cemetery is characterized by the ground being very uneven and rough, and there are many small stones that show initials only. Many of the rows are very crooked. These inscriptions were gathered by L. H. Binnie, Rt. 4, Albion, Indiana in October 1976. These data were checked against the partial records made by the D.A.R. about 40 years ago. Errors found in the original records were rechecked by examining the stones and the corrected portions appear in this record as the part underlined. Some of the stones are difficult to read. Questionable dates and letters are enclosed in parentheses.

WOODEN CEMETERY, at Harrison Center

THE WOODEN CEMETERY is old and quite large, with many recent burials. A white frame church, now in use, occupies a site at the N.W. corner of the cross roads. According to THE COMBINATION ATLAS MAP OF KOSCIUSKO COUNTY, 1879, this was the site of a U.B. Church, organized in 1875. The old part of the cemetery was donated by Andrew Sell, and the first burial was that of his son. Andrew Sell and James Wooden, from Preble County, Ohio, are recorded as the first settlers in Harrison Township in the Spring of 1834.

This cemetery is well kept, with additional land added recently. Sides adjacent to the road are fenced with a beautiful, old iron fence now no steel posts. The cemetery is characterized by the soil having been heaped up over the grave sites. These inscriptions were gathered in October 1976 by L.H. Binnie, Rt. 4, Albion, Indiana. The inscriptions were checked against the partial D.A.R. records gathered about forty years ago. Portions underlined represent corrections made to the older records. These old records were made for Section I, only.

All odd numbered rows were recorded from north to south, even numbered from south to north.

End Wooden Cemetery

OLD PALESTINE CEMETERY, located at the north end of a large abandoned gravel pit, north and west of the intersection of State Road 25 and County Road 300 S. It occupies a space about 125 by 200 feet, with steep raw banks on three sides.

This cemetery has been abandoned for many years and is overgrown with brush and briers. Many stones are broken or have fallen over. Some remains have been removed, and there appear to be several unmarked graves.

These inscriptions were recorded on 2 November 1976 by L.H. Binnie, Rt. 4, Albion, Indiana. The data was checked against the partial D.A.R. records made about 40 years ago. Underlined portions indicate corrections made to the older records. In some cases, parts of the inscriptions could not be read, but the D.A.R. records provided the missing parts. These parts are preceded by an asterisk. Questionable figures or other parts are enclosed in parentheses.

The COMBINATION ATLAS MAP OF KOSCIUSKO COUNTY, 1879, does not provide any information on this cemetery. It states that the town of Palestine was laid out in 1837 by Isham Summy.

Unless otherwise stated, all odd numbered rows were recorded from north to south, even numbered from south to north.

End of stones found in 1976.

See the following page for additional data.

Of the 84 inscriptions found in the Old Palestine Cemetery in 1976, the D.A.R. recorded 48 about 40 years ago. These older records contain the following additional inscriptions, not found in 1976. It is possible that some of the stones involved have been moved to other nearby cemeteries.

1. DREISBACH, George died 1872, 45 Years
2. '' Hannah died 1867, 75 Years
3. FRUSH, Geo. son of John & Elizabeth died 1862, age 24 Years
4. GRASS, John died 21 Dec. 1862, age 25 Years
5. HARTMAN, Jacob, son of J. & E. died 14 Jan. 1852, 9 Y.
6. (MACHONE) Nimrod, name uncertain, died 22 June 1842, age 53 Years & 2 Months.
   This is probably the same stone as No. 6, in row 10, and the data should be considered more accurate than that found in 1976.
7. MAINS, Rebecca, wife of A. died 16 Feb. 1869, about 77 Y.
8. McSHEERY, Frederick died 8 Dec. 1857, 64 Years & 6 Months
9. NORRIS, Jane, wife of M.H. died 1858, 32 Years
10. '' Morris died 1871, 57 Years

End of additional D.A.R. records.

PALESTINE CEMETERY, located at the intersection of State Road 25 and County Road 550 W, at the north edge of Palestine, in Harrison Twp.

A red brick church now occupies the area at the northwest corner of the cemetery. It is identified as the Palestine Independent Christian Church, Fundamental.

Sections III & IV of the cemetery are characterized by large granite stones, bearing the family name and erected in the center of the lot - often crosswise- with small stones providing the first name and other data. This results in some difficulty in identifying family members and may have resulted in some errors.

These inscriptions were recorded in October 1976 by L.H. Binnie, Rt. 4, Albion, Indiana. They have been checked against the partial D.A.R records made about 40 years ago which were confined, almost entirely, to the oldest stones in Section II. Corrections to the older records are represented by the underlined portions in this record. A few other unusual dates or other data have also been underlined. Portions in parentheses were indistinct , and the data is questionable.

All odd numbered rows were recorded from north to south; and even numbered rows were recorded from south to north, unless otherwise noted in the text.
