FIRST GRADE

Timmy Anderson also won a prize in the Egg Contest. His prize was for the funniest egg.

We are reading about "Our Animal Friends" in our reader and we especially liked the story about "Happy" the little black dog.

Since Dorcas Peer brought in several posters about birds, we are especially interested in them. We put them on the easel for everyone to see.

We like watching the Fig-Tree grow. It is almost tree inches tall now.

We play "Ragdoll" every-day after our noon lunch and the best "Ragdoll" gets to mark the calendar. One day Allen Creighton was the best Ragdoll and when his name was read at the blackboard he did not move. He was fast asleep. Everyone laughed and someone said "Allen finally made it."

SECOND GRADE

Joe Cook was absent Monday. We have several days of perfect attendance.

Doyal Eiler, Larry Manwaring and Danya Creviston have brought cocoons to school. We are anxious to see if they will hatch before school closes. We are hoping some one will bring some Frog's eggs so we can see the eggs hatch into tadpoles.

Janet Sue brought us a nice bouquet of flowers for our room. Jennie Lou keeps us in violets.

Last Friday the second grade had fun "finger painting", and we can still see paint here and there around the room. There was quite a bit of paint taken

home on sleeves and a few children had nice spots of color in their hair!

We are making book covers with the paintings.

In reading we are enjoying stories of our old story book friends. We especially enjoyed "The Man Who Kept House," and think it is a fine story to read aloud at home to father.

THIRD GRADE

Birthdays during April are our twins Marolyn and Carolyn Hudson, Darrel Hively, Jimmy Anderson, and Bobby Griffis.

We are in our last section in our readers.

Thirty children made A last Friday in Spelling.

The multiplication table are still our worst enemies.

Mitchell's Dad brought an old gun and powder horn to show us. He made us all jump and squeal when he showed us how the powder burned.

We enjoyed Dick Tombaugh's baby white rabbits he showed to us.

FIFTH GRADE

Steven Bruner, Larry Hatfield, and Charles S. have been absent this week. We hope you boys get well.

We got some new books. They are Gulliver's Travels, Mountain Girl, Children of the Covered Wagon, Fun with Puzzles, Hidden Valley, Adventures of Buffalo Bill, The book of Tricks, Rolling Wheels, Adnerson's Fairy Tales, the King of the Golden River, Child from Colonial Day's, Homemade Dolls, Johnny Appleseed, and Baery Lander. They are very good.

Larry Nollans and Larry

Toot have been entertaining us with some tricks.

Mary Quoir and Mary Boll brought us some pretty flowers.

SEVENTH GRADE

Dorothy Christian and Leah Nell Lender were absent this week.

We found a note to Bonnie Cochran saying "Guess who?" as the signature. We are sure that she knows who it is from, but we don't.

In Home Ex. the girls have just about all made two garments. Some are starting on their third.

EIGHTH GRADE

We plan to take our trip on May 3rd. We are going to Chicago to the Brookfield Zoo, and the Airport. Mr. Kent suggested that we leave Mentone about five o'clock in the morning!! Mr. Kent please have a little mercy on us. Seriously though, we expect to have a very nice trip.

These last few days when we enter music class Mr. Kelly has been informing us that we will not have music because the piano is not over here. Now, we wouldn't mind half as much if it were a class in which we had to work real hard, but when all we do is "open our mouths", as Mr. Kelly says, it's kind of disgusting. Won't someone PLEASE move the piano back over to the schoolhouse.

After a girl gets married she does all she can to get her girl friends into the same kind of trouble. And yet we talk about Man's "Inhumanity to Man!"
