Dear Cousin Frank:

Been rather slow in getting these papers back to you but I just couldn't get to them. I got hurt in summer & Dave, my husband has been ill and even son Norton had to follow for a few days. Just keeps me busy trying to do the regular duties. However I am at it now and hope I've seen of some help altho I do not think you have proof enough on what you have to have it written up into a History of Blaine family, at least I feel that way about. I have compiled so much that I begin to feel we are on wrong track. Grandpa said his grandfather Peter came direct from N. J. to Brooke Co - a county of W. Va now just opposite to Jefferson Co. The land was once a part of Ohio. That part of Ohio was once Virginia. Va. reserved that part of Ohio.
