

GENERAL INFORMATION

DIRECTORY ASSISTANCE CHARGING

call allowance and rates:

Five LOCAL directory assistance calls per billing month without charge for each main line (not including extensions). All excess calls will be billed at .20 cents per call.

On long distance directory assistance calls WITHIN YOUR HOME AREA CODE (1+555-1212) there will be a .25 cent charge.

A .50 cent charge will apply for each local or home area code directory assistance call placed by dialing "0" unless you are placing an operator-assisted long distance call, such as person-to-person or collect.

A .50 cent charge will apply to directory assistance calls charged to telephone calling cards or third number billings.

Two calls to Interstate Directory Assistance (1 + Area code + 555-1212) without charge if the requests are offset by AT&T billed customer-dialed long distance calls OUTSIDE YOUR HOME STATE within the same monthly billing period. There will be a .50 cent charge for each call not offset by an interstate call and for each call over the two call allowance. Customers at coin telephones or hospital extensions are charged .50 cents for each call to Interstate Directory Assistance.

Two telephone numbers may be requested on each call to directory assistance.

exceptions:

There is no charge for calls to directory assistance placed from hospitals or coin telephones.

Persons with qualifying disabilities, such as physical or visual impairments, who are unable to use a telephone directory may be exempt from Directory Assistance Charging. Call your Service Representative for details.

hints for avoiding directory assistance charging:

Use the directory; most calls to directory assistance are for numbers in the directory.

Write down the numbers you call frequently on the inside back cover of the directory, or circle or underline them in the directory.

To avoid a second call to directory assistance for a number, try to supply complete information the first time on the name and address.

If you're uncertain of the name of a restaurant, store, or other business, check the Yellow Pages.

**TRAVEL THE
SPEED OF
SOUND AND
SAVE GAS.**

With the telephone, of course, it can get you there without gasoline. And you can travel at lower rates by direct dialing your long-distance calls after five on weekdays and any time Saturday or Sunday.
