Good Chicks Do Not "Just Happen" That Way

They are the result of a continually improved breeding program and the most careful selection.

Twenty years ago, when the first Rupp Brothers Hatchery was established, a definite breeding program was at once put into effect. Today there are four Rupp Brothers' Hatcheries, all continuing with that program. There could be but one result from such breeding. . . . QUALITY CHICKS.

WE HATCH EVERY WEEK OF THE YEAR

Constant demand from broiler and back orders keep our hatcheries working all the time. Rupp Brothers can hatch you with highest quality chicks any or every week you want them.

U. S. Approved and U. S. Palladium Tested

All brooding chicks are U. S. Approved and U. S. Palladium Tested.

Every Rupp Brothers' chick is healthy and full of life. EACH YEAR THOUSANDS OF SELECTED HENS ARE MATED WITH WING RANDED, PEDIGREE MALES OF PROVEN HIGH PRODUCTION RECORDS.

Combined Egg Capacity Now 345,000

Our five plants have a capacity of 345,000 eggs.

This means our customers ability to get chicks when they want them.

We Sell Both Wholesale and Retail. Write Today for Latest Folder and Prices. All Inquiries Receive Our Prompt Attention. Quotations by Return Mail.
