You can count the sources of New Hampshire Certified, Pullorum-Passed hatching eggs in Indiana on the fingers of one hand and have enough fingers left to cross, if you are a finger crosser.

But, if you purchase chicks from Vic Bryan's Certified, Pullorum-Passed New Hampshires, there will be no need to cross your fingers.

No eggs for sale. No stock for sale. We will give you the name of the hatchery near you that can supply you with Vic Bryan chicks.
