## MANWARING LEGHORNS

MAKE  
 OUTSTANDING OFFICIAL RECORD  
 IN U. S. R. O. P.

1497 birds trapped under U. S. R. O. P. Supervision.  
 1049 qualified—79.07% highest qualifying percentage in the entire U. S., of any breeder trapping over 1,000 birds.

254.5 Average Egg Production.  
 26.85 Average Egg Size.  
 441 birds laid from 200-250 eggs.  
 608 birds laid over 250 eggs each.

Remember, it's the breeding program behind the chick that counts when you make up your mind about purchasing chicks and breeding stock for 1947. You can't see our 36 year old breeding program when you look at a Manwaring chick—but you know it's there.

Write for catalog and prices on U. S. Certified and U. S. R. O. P. Leghorn Chicks. Produced on U. S. R. O. P. Breeding Farm.
