*T. H. I. & E. Tr. Station
Greencastle, Ind.*

Interurban Station, Noblesville, Ind.

Bygone times and a bygone mode of transportation provide nostalgic subject matter for the camera in these photographs. A car of the Indianapolis & Cincinnati Traction Company waits at the station in Waldron (top). The station at Greencastle (center) was used for interurbans of the Terre Haute, Indianapolis & Eastern Traction Station and a local interurban (bottom) pauses at Noblesville.
