

'Mystery House' Featured On Kosciusko Tour

STAR STATE REPORT

Warsaw, Ind. — The "Mystery House" at Winona Lake and the Warsaw Jail are among highlights of the fourth annual Historical Tour of the Kosciusko County Historical Society from noon to 6 p.m. Oct. 2.

The Mystery House was built in 1904, and shortly after that boarded up for about 20 years. The Warsaw Jail is similar to Chicago's famous Water Tower on Michigan Avenue.

Also on the tour will be the Bell Memorial Library at Mentone which contains artifacts of Lawrence Bell. Bell, recently nominated to the Aviation Hall of Fame, is known for designing the World War II Bell Airacobra fighter and the type of helicopters seen on M*A*S*H. A film will be shown every half hour.

ANTIQUES INCLUDING Civil War-era handcarved furniture and a pull-down bed which is the forerunner of the Murphy Bed set the pace in the historic homes to be open at Warsaw, Palestine and Mentone.

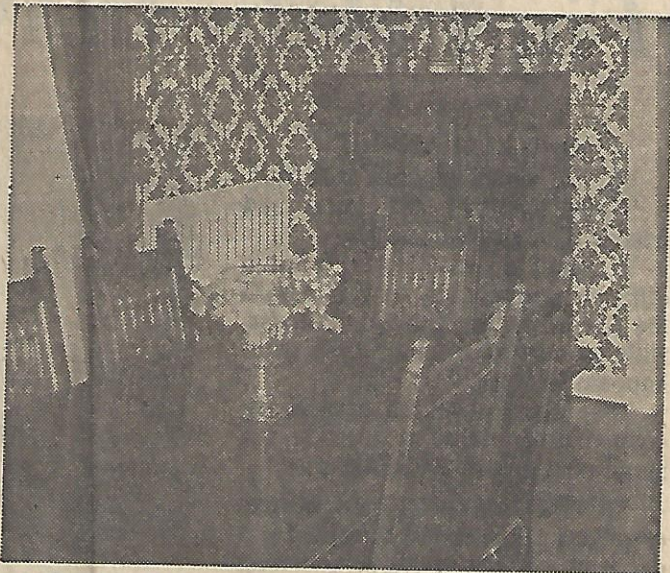

Refreshments will be served at Warsaw and Mentone. Buses to the tour sites will leave the Warsaw Courthouse and the Mentone Town Hall at 1 p.m.

Tickets will be sold in the Warsaw Courthouse and Mentone Town Hall as well as at each site. Price is \$2. Mrs. Doug Haney of Mentone is chairman of the tour. Information is available from the Historical Society, Box 49, Leesburg, Ind. 46538.
