TREASURER TO SCHOOL BOARD

TO ALL SCHOOL BOARD MEMBERS:

I know that the intent of the School Board was that the Mentone Building Trades house could be sold for 95% of the appraised value which is \$24,973.60.

I have today drawn a contract with Francis and Mary M. Kehoe and accepted \$500.00 as payment on the house and the balance of the \$24,973.60 or an amount of \$24,473.60 to be due on delivery of Warrenty Deed and Title Insurance.

I believe this should be made a matter of record in the minutes of the next meeting, but I wanted the Board to get the information direct inasmuch as this type of information gets out rather rapidly.

I think that page 7, A (1 c) of the School Board Policy Manual actually would give me authority in financial matters, but of course, I would not do this except I know that this is the intent of the School Board and when you have a customer, you have to take advantage of the situation fast.
