# STUDENT LIFE

Student life at Valley is so much more than lessons, tests, and homework. TVHS students are full of school spirit, and aren't afraid to show their fun side. We tried to capture that idea this year with pictures displaying this. Friendships are forged in high school that can last a lifetime.

Our hope is that you will look at these photos and remember a great year, and who knows... maybe 30 years from now you'll do the same.

## Jonathon Fields

How hard is practice? We put more effort into and are trying to bring back death valley. Play for a College? I would play for any team. How long have you been playing? I have been playing for 5 years. What are some pre-game rituals? Pasta night, walking the field, saying the Lord's Prayer, and becoming men, leading the community.

## Dwight Conley

What made you intrested in football? It is fun. How hard is practice, what all do you do? We do a lot of running and work on offense. What do you like best about your sport? Go out and have fun.

The vikings getting ready to make a play.

Culver academy makes a block on the vikings.

## Colton McCane

What challenges do you see playing this sport? You've got to work hard, show true motivation, and once you get knocked down you pick your self right back up. What make you intrested in football? My dad, and tackling the person across from me. What is your team goal for next season? Put some points on the board and win some games.

## Sam Bell

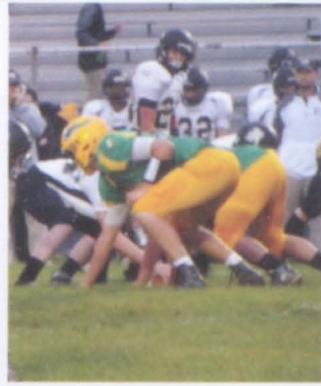

How do you feel before games? Usually nervous, most of the time that is forgotten after we get our break. Are you going to play for college? Maybe, I'll probably work on school, that is my first priority. How long have you played? I've played here for 6 years. I played one more year at Fort Wayne. What got you interested in football? We had tryouts and I had friends that were playing.

Vikings entering the Field.

*The Vikings had a rough start to the season but finished strong. They had the resignation of a coach, however, Mr. Shiver stepped up to lead the team once again. The Vikings beat the Zebras by the score of 21 to 7 to take back the coveted bell trophy.*

#### **Mr. Shriver**

*What made you become a coach?*

*I like working with people of the same interests and also the interest of football, helping people achieve their goals.*

*How long have you been a coach? At Tippecanoe Valley 26 years, and 1 year at North East.*

*What is it like to win the bell back? Awesome traveling back and forth with the bell is awesome and it was amazing with the boys.*

*How long has the bell game been going on? 1986 was the first year.*

*The vikings celebrating the win with the bell.*

*Above: The bell after being won back.*

*Above: The players and cheer block rush on to the field to celebrate the win of the bell game.*

#### **Brooke Gothan**

*What made you want to become a football manager? I wanted to be a football manger because im a gym helper and love doing that and i really like football; so sorta on a whim I decided to be a football manager. I went and talked to the coach about it and things went from there.*

*How long have you been a football manager? I only started this year, so since this football season.*

*What is your job as a football manager? My job is to get the players water and keep them filled. Also equipment and helping out with whatever is needed.*

*Do you plan to be a football manager next year again? Yes, I do. I really like it. The players are cool I like the people. It's really fun.*

It's no surprise that the valley girls basketball team never gives up on the shot to go to state, just like they did in their 2014-2015 season. They "3-peat"ed their sectional wins during the past 3 years. Well that's how Valley does it! With hard work and dedication they ended up winning their 3rd straight sectional! This year the varsity team lost at the semi-final regional against Concordia, they did their absolute best and gave it their all! The goal each season is to improve their talent and skills. *She loves to cook.*

*She likes going new places and going on spontaneous adventures.*

*Parks and Recreation is her favorite TV show.*

## Senior Noah Prater

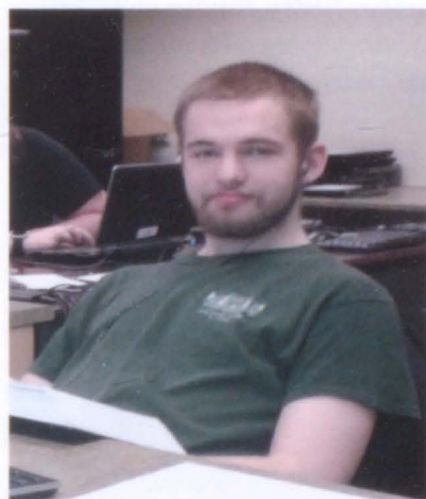

*Loves being surrounded by a lot of technology, mostly tablets but...*

*He enjoys theology.*

*He loves to work out in his free time.*

*He enjoys to hike.*

## Senior Kinsey Taylor

*We usually see her with her headphones in just enjoying herself with metal music but...*

*She plays the ukulele during her free time.*

*She loves the color pink.*

*She loves to cook and enjoys watching cooking videos.*

# SRT CLUBS

SRT Clubs were created to let students have some fun and reward them for good academic effort. If their grades were good and they had no missing assignments students were encouraged to take part in activities that included card games, music, movies, sports, art, woodworking and technology. They could also work on service projects, such as the clothing boutique that benefits students here at TVHS. Everyone had the opportunity to spend quality time with friends, and teachers, as well as explore new skills in a relaxed learning environment.

*Seniors Jordan Timbers and Chris Whlite playing table top games in the commons.*

*Students are in the commons learning new games and hanging out together.*

*Students learned woodworking skills from Mr. Heinold and Mr. Franklin. They kept busy building furniture for the TVHS Viking Room.*

*Mr. Hamman hosted a club that taught students critical thinking in fun ways, playing various card games.*

*Mrs. Lynch's art room was a popular place for students to spend quality time, honing art skills. Juniors Makayla Sandbakken, Hailey Becker, Madison O'Connell working on a project. Also, seniors Myra Revas and Kinsey Taylor are learning new artistic skills.*

*Dresses on display at TVHS Boutique.*

*This year, a boutique was started at TVHS to give students the opportunity to borrow or receive as gifts nice, gently used items of dress clothing. It is hoped that students who might be in need of dress apparel for school occasions such as interviewing, presentations, prom, etc. could come and be helped by this service. Students worked on building this boutique under the supervision of Mrs. Landis and Mrs. Bradley. During SRT time, these two ladies and countless students labored to made their vision a reality.*

*Mrs. Kelley Bradley is seen organizing and displaying clothing for students.*

*Senior Alex Kromkowski playing ungeons and drageons in Mrs. Williamsons room.*

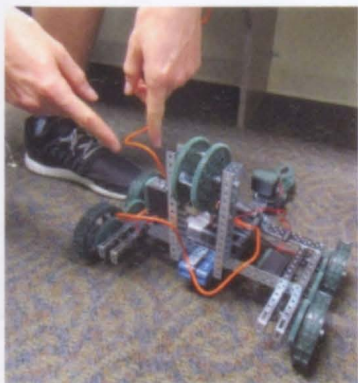

*Senior Sydney Schaeffer playing the gutair in Mr. Walkers room for the music club.*

*Freshman Mason Jackson and juniors Chase Brower and Dominique Corte learning how to build a robotic device.*

*Freshman Andrew Ames and Kelton Johnson putting together a robot kit that teaches the fundamentals of robots and their components.*

*Another new club this year is robotics. Mr. Heinold taught students the fundamentals of robotics. Students built robots from kits that teach basics of robotics such as their many different components, assembly of parts and their actions. Students also learned how to program the robots to perform various tasks. Next year the robotics club will participate in a regional competition against other schools to test their skills.*

*Mr. Heinold is helping student student solve a problem with his robot.*

# POKÉMON GO

Our world is being taken over by Pokémon of the past. They originated from the first generation, and it looks like they've found a portal into the future. This entire nation is filled with Pokémon, Pokéstops, and teams battling for gyms. It even had the students of TVHS joining this huge craze.

What was your starter Pokémon?  
"Charmander, because it's an amazing fire-type."

Why do you enjoy Pokémon Go?  
"Because it lets me explore places that I haven't been to."

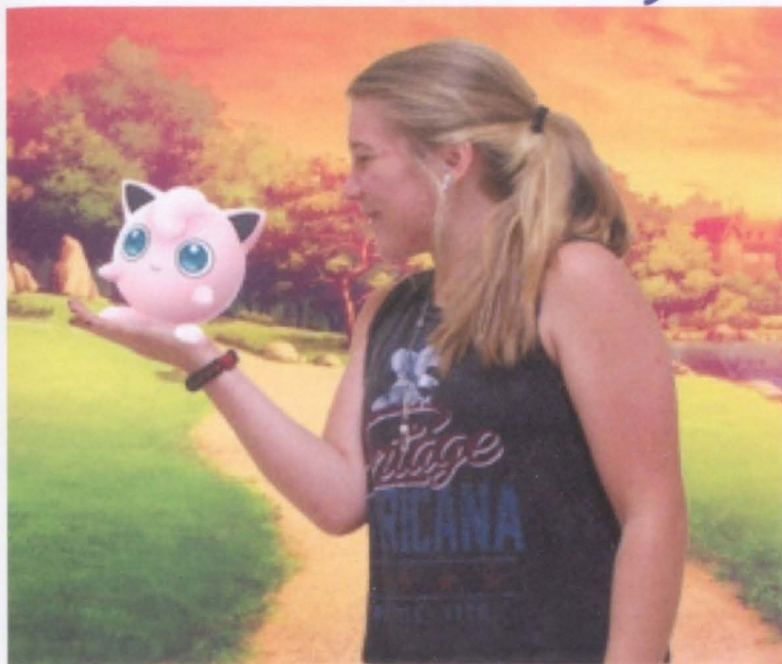

What is your favorite Pokémon?  
"Butterfree"

What team are you on and why did you choose that team?  
"I'm on Team Instinct because I love the color yellow."

What is the hardest part in the game?  
"The hardest part in the game is catching starters because they have higher catch rates."

## Freshman Alivia Taylor

What was your starter Pokémon?  
"Squirtle!!"

Why do you enjoy Pokémon Go?  
"It lets me go out and see the world."

What is your favorite Pokémon and why?

"Jigglypuff because I sorta act like a Jigglypuff."

What team are you on and why did you choose that team?

"Team Valor because it destroys the other teams!"

What was your starter Pokémon?  
Charmander because I love fire-type Pokémon

Why do you enjoy Pokémon Go?  
It gives me exercise and I feel like a real trainer

What is your favorite Pokémon and why?

Eevee because it has many evolutions to choose from.

What team are you on and why did you choose that team?

Team Mystic because it is a great team!

What is the hardest part in the game?  
Catching them all, of course!

## Senior Jon Fields

# BUILDING TRADES

TVHS Building Trades students really had their work cut out for them this year.

The class took on Rebuilding and Restoring the Pettit House in Mentone. Homeowners Chris and Travena Pettit are both TVHS grads. The students almost tripled the square footage of the house taking it from a modest one and half story (top photo) to a massive two story structure (left) for the Pettit family.

This is the first year that Building trades has tackled an already existing house, they traditionally start from scratch with all new construction.

Great Job Trades!

KIMBRA  
VOWS

"I began really getting into music around 2012 after listening to the local adult contemporary radio station in North Carolina, which would play AM hits of the 70s, 80s, 20s, 00s, and the early 10s. From there my music would evolve into pop/folk rock of the 80s and 90s and Eurpoean dance pop of the 90s. My music has evolved many times over the past 4/5 years, but currently my favourite genres are alternative rock and alternative metal of the 90s and 00s as well as indie/rock of the 00s and early 10s."

-Christopher Wilhite, 12<sup>th</sup> grade

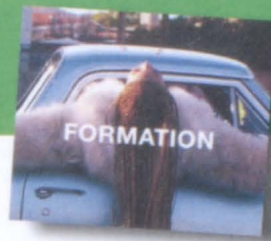

*Jake Gearheart loves

# EXCHANGE STUDENTS

## Motoko, 18 from Japan:

Where do you usually live?

I live in Ehime, an Island in the south of Japan.

Why did you decide to be an exchange student?

I wanted to communicate and study English. I also wanted to share Japanese culture, but it was originally my parents idea.

What stereotypes did you have about U.S. and Americans?

I thought Americans were really proud of their nation, and also fat, but friendly too.

What do you like here so far?

I really like the freedom at school.

What habits are really different from Japan?

Americans' behavior, they hug a lot and also the food in Japan; we eat rice almost everyday, and with chopsticks.

What are you missing?

My friends and the food.

What do you like here?

The school, and my new friends.

Japan and Ehime, in red

## Andrea 16 from Spain:

Where do you usually live?

In Madrid, the capital of Spain.

Why did you decide to be an exchange student?

My brother lived here and enjoyed it. So I was thinking "Why not me?"

What stereotypes did you have about U.S. and Americans?

I thought they fart, and burp in front of people, they are too lazy to walk, and too cool.

What's the best thing you've done so far?

Skateboard

What do you prefer in Spain?

We walk everywhere, live healthier, there's more things to do around, and I prefer the food too.

What scared you about being an exchange student?

I was scared to live a year without knowing anyone and being alone.

What are you missing?

The food and my family.

### Om, 17 from Thailand

Where do you usually live?

In Khonkaen, in the north of Thailand

Why did you decide to be an exchange student?

I wanted to travel, and see something new.

What stereotypes did you have about U.S. and Americans?

They only do what they want, they don't care of their surroundings, they are lazy and often go to fast food.

What's the thing you find the most amazing here?

The big corn fields, and people always smile back.

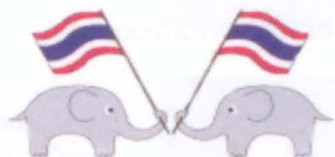

What is really different from Thailand?

People are more religious here, and in Thailand it's mostly Buddhism.

Americans eat more for dinner but less for breakfast.

What scared you about being an exchange student?

Making new relationship, and the language.

### Melissa , 18 from Germany:

Where do you live in Germany?

Hanover, a city in the middle north-west part of Germany.

What stereotypes did you have about U.S. and Americans?

I thought the food would be bad, it is much healthier than I expected.

What do you like here so far?

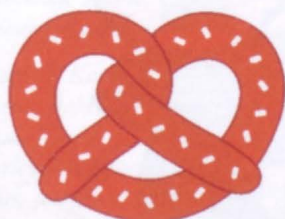

Switching classes and sports at school.

What scared you about being an exchange student?

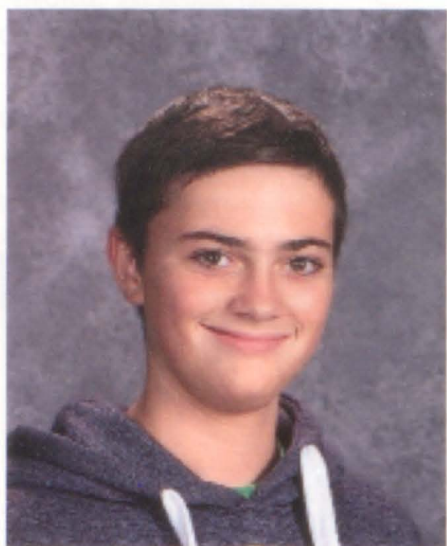

I was afraid of sitting alone at lunch, not knowing anyone.

What's the thing you find the most amazing here?

That there is no public transportation; and Mexican food.

Mael, 16 from France:

Mael wrote and designed the exchange student pages for our yearbook, but unfortunately did not interview himself. We will miss Mael's strong work ethic and meticulous attention to detail in everything he did for our yearbook. He took many outstanding photos that can be seen throughout our publication. Mael has a wonderful sense of humor that was often displayed in his impromptu practical jokes played on fellow yearbook staffers. His cheerful smile and polite manner always

brought out the best in anyone he worked with here.

Thanks, Mael, for your help with yearbook this year. We wish you the best of luck with your future plans!

# THEN AND NOW

Jordan Timbers- My highlight was when it was my sophomore year and the school band went to Memphis to play. My embarrassing moment was when I had pink hair for one of my high school football games.

Sydney Schaeffer- My Highlight was Being with Peers in the talent show. My embarrassing moment was when Audrey and I were dancing in the hallway for a Spanish project and Mr. Boggs asked to "cut it."

Alex Kromkowski- My highlight was when I when to Memphis for the school band. My embarrassing moment was when I accidentally drove on the wrong side of the road for drivers Ed.

Blake McBrier- My highschool highlight was my freshman year when I got the role of the wicked witch in the "Wizard of Oz" it was the first time I actually got a big role, and I rocked it!

Mia Gunnels-Most embarrassing moment was when I was in 5th grade and I was choking on a hot dog and I was to scared to tell anyone so I just choked and I thought I was seriously dying. But I'm okay now.

Paige Hodge- The highlight of my school career is being around my friends, they are always here for me. I also love how I met new people. I am in band, not very many people knew that about me, but music is my talent. I am in soccer, it helps me have the feeling of working together as a team. Always stay one step ahead and you will make it through high school. Keep your chin up and believe in your self.

Joe Alspaugh-The highlight of my school career would probably be getting a job and getting my own truck. And having more things I'm responsible for. An Embarrassing moment would have to be when I passed out and had to go to the hospital in health class.

Leah Jennings-Highlight...my Junior year when I got all my grades up. An embarrassing moment, probably 7th grade year when I was in Mr. Sprungers class and he said his favorite movie/book was "Cloudy with a Chance of Meatballs" so I said I can see why. So I called him fat in front of the whole class so I cried.

Ethan Freant- I had two girlfriends at the same time. They were from two different schools but they ended up finding out.. Talk about an awkward situation. This was in middle school.

Jared Mikel- My highlight was the Chicago art trip sophomore year. My most embarrassing was wrecking my bike on the cross country bike ride my freshman year.

Madi Tanner- My Embarrassing moment of my school career is my hair choices. My highlight would be being in Mrs. Lynch's class all the time.

Elizabeth Salazar- My highlight would be bunch of cool opportunities. My embarrassing moment would be when I slipped in the cafeteria freshman year.

Jarvis Mort- My highlight would be standing in front of the high arched windows of the middle school library and looking out over the untouched snow with an unfinished book beside me, and complete silence but for the wind and my thoughts. My most embarrassing is all the way back in 8th grade and the class was doing this play and my role was a teenage girl who helped soldiers in the battle of Gettysburg... And I tried to do the voice... It was both funny and embarrassing.

Noah Prater- My highlight was in grade school and we were not in 5th grade (lower) and every year we watched a movie in the gym (great, great time). Well one year we were all hyped up and Mrs. Miller stated "The film this year is one of my favorites" "White Christmas" I had no idea what the movie was or anything about it we watched it was a musical (I hate musicals) so I started talking, so did everyone else. Mrs. Miller Stopped the movie we all cheered (literally) she asked "Do you all not like my movie?" One kid who was in 5th grade I have no idea who he was stood up and yelled "THIS MOVIE SUCKS!"

# D.C. SENIOR TRIP

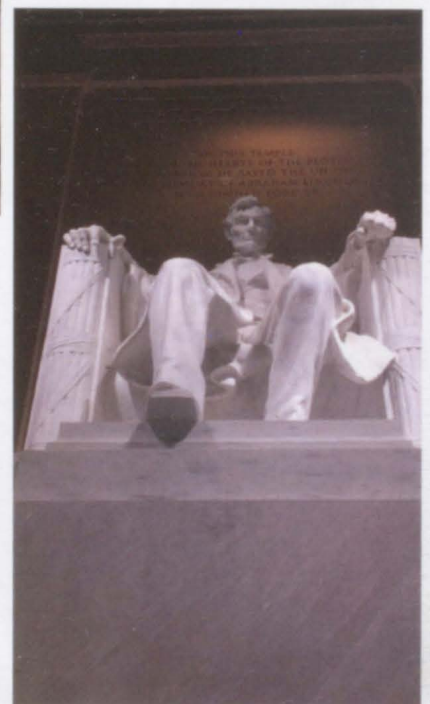

*During the week of April 18-23 2017, 45 students of the senior class went to Washington D.C., there was a lot of walking but everyone still enjoyed this once in a lifetime trip! Seeing the wonders of D.C. was a dream come true for many of the seniors. The chaperones Ms. Ponce, Mrs Potter, Ms. Day and Mr. Smith also had a great time, they were a fun group to travel with! Some of the seniors may go again to D.C. in the future!*

*Second Day; seeing the National Cathedral, it was so beautiful and everything about the cathedral was so interesting to learn.*

*The students were so lucky to go inside the cathedral. Going to the National Zoological Park was amazing as well, everyone loved seeing all the animals.*

*The Lincoln Monument was many seniors favorite!*

*First day; the group hiked on the Battlefield of Gettysburg, in Pennsylvania.*

*Third Day; visting federal goverment buildings, like The US Supreme Court, The Library of Congress, and The White House.*

*Third Day; the group walked around Arlington Cemenyry in Virginia. It was very tiring, but worth it. They had a great time and they wittnesed a changing of the guard ceremony at the Tomb of the Unknown Soldier.*

*Third Day; visiting the many memorial statues was so nice. Students toured the U.S. Marine Corps Memorial Statue, Martin Luther King Jr. Monument, Thomas Jefferson Memorial and many others.*

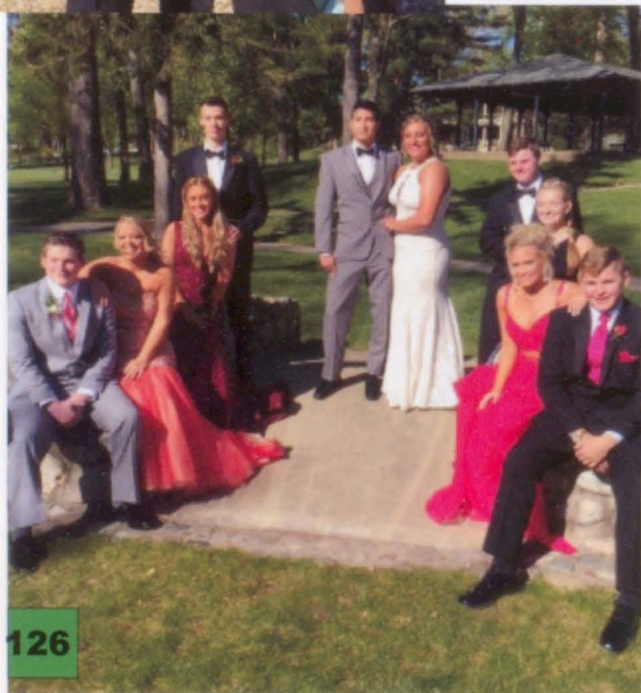

*Second Day; the group visted many scared monu-ments like the World War 2 Memorial, Lincoln Memorial and the Washington Monument.*
