Fast Facts About Four-Leaf Clovers

There are approximately 10,000 three-leaf clovers for every "lucky" four-leaf clover.

There are no clover plants that naturally produce four leaves, which is why four-leaf clovers are so rare.

The leaves of four-leaf clovers are said to stand for faith, hope, love, and luck.

It's often said that Ireland is home to more four-leaf clovers than any other place, giving meaning to the phrase "the luck of the Irish."

If you're lucky enough to find a four-leaf clover, look for more! If a clover plant produces a four-leaf clover, it's more likely to produce another four-leaf lucky charm than plants that only produce three-leaf clovers.

The fourth leaf can be smaller or a different shade of green than the other three leaves

Shamrocks and four-leaf clovers are not the same thing; the word 'shamrock' refers only to a clover with three leaves.
