What can I say about myself .....

First off I wouldn't have been able to my job as well as I did last year without the great group of teens I had! I'm celebrating my first year in this position and they truly were a blessing for me! I believe my spirit animal would be the llama. So cute on the outside but a tough fierce drive on the inside! A few things I enjoy doing is reading snuggled up in my fuzzy socks and a warm blanket. I enjoy camping and being outside ! I also learned last year I enjoy writing ! It has been a great stress reliever for me! I enjoy getting to know the teens and adults that come into the library ! I can't wait to see what this year brings for us ! Thanksgiving and Christmas are my favorite holidays! I love my food and giving back to others !
