MOTHER'S DAY

Mother's Day used to be a time for campaigns and causes where women would march in support of underprivileged women and children, or to highlight the need for equal rights and ac-

cess to childcare. Once it was a call to action that asked mothers to unite in promoting world peace; and once mothers gathered with former Union and Confederate soldiers to promote reconciliation.

Today in America it is a commercialized holiday where many gifts, cards and candy are bought to show appreciation and love for mothers. <http://www.history.com/topics/holidays/mothers-day>
