We understand our citizens are considering a proposition from Mr. J. L. Cox for the opening of a brick and tile yard in Mentone. Through tests by competent judges, show an abundance of the brick material here. Mr. Cox is well known as an energetic hard working man and a good manager as well as a man of sound integrity. Information as to details of his proposition can be had from Postmaster Donner or Mr. Jno. W. Sellers the draughtsman. Now then instead of adding any more wooden buildings especially to the business part of our town, let us give Mr. Cox personal encouragement in his brick yard enterprise and by the ere-

ction of our citizens will be added to its stability and attractiveness increase the already marvelous growth and prosperity of Mentone. We hope our citizens will be fit to answer in this matter promptly as Mr. Cox feels compelled to seek business elsewhere at once, unless his proposition is accepted. Mr. Cox is a citizen of a valuable citizen, and other considerations being equal we believe in view of his recent misfortune by fire, his proposition should be given preference over any other in this direction.

NEW SKATING RINK.

Mr. Rine having completed arrangements to leave Mentone for a wide field of action, has arranged to leave for Chicago. It is something like that.
