

Mr. William G. Davis, formerly of Burket Indiana, now a resident of Hialeah, Florida recently received a 8000 hour award for volunteer service at Cedars of Lebanon Hospital. Mr. Davis has been a volunteer at Cedars since 1968. In 1969 Mr Davis was chosen as "Volunteer of the Year," which is the highest honor a volunteer can achieve. Through the years Mr. Davis has worked in the Physical Therapy Department, the Information Desk and the Admitting Department. During his six years in Physical Therapy, Mr. Davis made many innovative pieces of equipment for use by our patients. He is well-known by everyone at Cedars and is a favorite with patients and employees alike. He is pictured at work in the Admitting Department.

I have a carbon copy of the Burket report.
If you should need a duplicate of any thing, let me know.
