Dear Eula,

I am sorry to send you such a "mess" but Von, my sister-in-law, said that Mary (Cox) indicated that there was some kind of an emergency -- so I put my "thinking cap" on and got busy. And believe me, I had to think back a l-o-n-g way.

Of course there is no one left in Mentone as old as I - but Nell Reed, though much younger, might be able to correct mistakes I may have made.

If I had a blank plat, I think my brother Rug and I could pin-point the homes of most of the old residents.

GOOD LUCK!
